TERRITORIAL ELECTION 2021

UNOFFICIAL RESULTS

Unofficial Results – Monday, April 12 after Close of Polls

Unofficial results are based on statements of the poll reported to returning officers after the count of ballots on Monday, April 12, 2021. The results from 175 polls (polling day polls, special ballots and advance polls) are tallied, phoned into returning offices, and reported by the returning officers.

The Official Addition – Thursday, April 15, 2021 at 10AM

The Official Addition is the addition of the vote totals from the official statements of the poll conducted by the returning officer.

Following the close of polls, sealed ballot boxes along with documentation are returned to the returning officers for the official addition. Ballot boxes are opened and from the official statement of the poll, officially add up the number of ballots cast for each candidate and the number of rejected ballots.

Immediately after the Official Addition, the returning officer will declare and cause to be published the name of the candidate for whom the greatest number of ballots have been cast.

Application for a Recount

Immediately after the Official Addition, if there is an equality of ballots cast for two or more candidates or the difference between the number of ballots cast for the candidate receiving the greatest number of ballots and another candidate is 10 or less, the returning officer will apply for a recount to a judge of the Supreme Court.

The judge shall appoint a time for the recount which will be within four days of the application.

Tie Determined by Drawing of Lots

If, after the recount, there remains an equal number of votes cast between two or more candidates, the election shall be decided immediately by the drawing of lots by the returning officer in the presence of the judge and any candidate or candidate's representatives.

Voter Turnout (Participation Rate)

Voter turnout is based on the ratio of the number of voters to the number of electors.
