Advance Polls – Sunday, October 26 and Monday, October 27, 2025, from 8AM to 8 PM

Notes:

1. A special poll will be established as Advance Poll (Territorial) in Whitehorse. This poll is open to all electors from any electoral district with a particular focus in providing additional access to the in-person vote for electors from the Yukon communities who may be in Whitehorse during the Advance Poll and may not otherwise be able to vote. In this poll, any elector from any electoral district can vote in-person. For example, a voter from Mayo could vote in-person at this Advance Poll if in Whitehorse. This poll is separate and in addition to the Advance Polls required of each electoral district.
2. For this election a Vote Anywhere (Electoral District) option is introduced in all electoral districts for Advance and Polling Day polls. This option allows an elector in their electoral district to vote at any polling place or polling station for their electoral district. This allows electors to be moved to shorter lines during surge periods and, for electors in the Yukon communities, to vote at a polling place in other communities that are part of their electoral district. For example, a voter in Faro could vote in Watson Lake during the Advance Poll and for the Polling Day poll.
