2025 TERRITORIAL GENERAL ELECTION OFFICIAL RESULTS

The official results are attached.

The Official Addition was conducted yesterday in the 21 returning offices across the territory. This process involves opening the sealed ballot boxes to remove the Statements of the Poll and to officially add up the numbers of ballots cast for each candidate and the number of rejected ballots. This is to confirm the addition of all votes from all polls and to make any corrections to the count for the unofficial results made on election night.

On completion, a Certificate of Official Addition is produced and signed. This is the official count. This is used by the returning officers will report in their Return of the Writ to the Chief Electoral Officer the candidate with the greatest number of votes and thereby the candidate elected to the legislative assembly. The Chief Electoral Officer will inform the Commissioner of the official results.

At the Official Addition the corrections to the unofficial list are noted below. There is no change of candidates with the most votes.

- Riverdale North:
 - One (1) additional vote was added to the total votes received by Mark Kelly
 - One (1) additional vote was added to the total votes received by Rose Sellars.
- Porter Creek Centre:
 - Nine (9) additional votes were added to the total votes received by Louis Gagnon
 - Twenty-seven (27) additional votes were added to the total votes received by Hilary Smith
 - Thirty (30) additional votes were added to the total votes received by Ted Laking
- Whistle Bend South
 - Six (6) additional votes were added to the total votes received by Dustin McKenzie-Hubbard
 - Twelve (12) additional votes were added to the total votes received by Linda Benoit
- Whistle Bend North
 - Eight (8) votes were subtracted from the total votes received by Tiara Topps

At the Official Addition, the vote in the electoral district of Vuntut Gwitchin was confirmed as having a difference of seven votes between the candidate with the most votes and the next candidate. A recount is required when there is a difference of 10 votes or less. An application for a recount has been made to the Supreme Court. The recount is expected to be held by mid next week.

Voter turnout is based on the ratio of the number of voters to the number of electors.
