Statutory Reports

Reports Following an Electoral Event

These reports are based on the 'election period' as provided for in the *Elections Act*, section 1. It is the period between the issue of the writ and ends on the date of the return of the writ.

Each political party and candidate are to file on or before the 90th day after the return of the writ.

- **Election Revenue Return (ERR):** This return is required of all candidates and political parties after an election event. It provides the total revenues (contributions and total of 'other revenues') received by candidates and the political parties.

This report sets out the total amount of the registered political party or candidate has received for campaign purposes and identifies each amount included in the total.

For political parties, the ERR reports each amount received in the name of the candidate endorsed by the political party, or the amount received from a candidate endorsed by the political party, for expenses, including those for notices or advertising paid by the registered political party on behalf of the candidate.

For candidates, it reports each amount received from a registered political party, or by a registered political party on behalf of a candidate.

- **Election Expenses Return (EER):** This return is required of all candidates and political parties after an election event. It provides the total fair market value of goods and services used during the election period.

This report sets out the fair market value of all goods and services used during the election period. Categories include electronic and print media, office and administration, personnel, election travel, and any other costs (such as candidate stipends).

- **Election Financing Return (EFR):** This return is required of all candidates and political parties and after an election event. It provides the information used in the election revenue and election expense reports to identify a surplus or deficit, and provides debt holder information and surplus fund disposition requirements.

This report sets out the total revenues (as reported in the election revenue return), total expenses (as reported in the election expenses return), and the amount surplus or deficit determined by subtracting total expenses from the total of all revenues received.

If a deficit is reported, the report shall include the names and addresses of all debt holders and the amount of each debt.

If the candidate was endorsed by a registered political party, the candidate's surplus funds shall be paid to the political party and proof of payment made is provided with the election financing return. If the candidate was not endorsed by a registered political party, the surplus funds are to be paid to the Chief Electoral Officer who will pay them to the Yukon Consolidated Revenue Fund.

Election Revenue Return

Every registered political party and every candidate shall, within 90 days after the end of the campaign period, file an election revenue return with the chief electoral officer.

- **Contents of Return:** An election expenses return shall set out the fair market value of goods and services used during the election period as follows:
 - set out the total amount of revenue that the registered political party or the candidate has received for campaign purposes;
 - identify each amount included in the total for political parties and candidates that was received;
 - set out the information regarding number, types and amounts of all contributors.
- **Revenue:**

- **Contributions:** Contributions are gifts made to a candidate for campaign purposes or to a political party in the form of money, goods, services or discounts off the usual price of goods and services. It does not include volunteer labour or the payment of a candidate's nomination deposit.

Contributions are identified by type as either monetary or in-kind. Official receipts are issued for both types of contributions, but only monetary contributions are eligible for a political tax credit from the Canada Revenue Agency.

- **Monetary contributions:** These are contributions in the form of money and include cash, the monetary value of negotiable instruments (such as cheques) and money conveyed by credit card or other similar means.
- **Contribution In-Kind:** These are contributions of goods and services. As examples, these include the donation of goods such as used office equipment or the donation of services such as computer repairs. The amount of a contribution in-kind is its fair market value when they are made.
- **Anonymous Contributions:** Candidates and registered political parties are not to accept anonymous contributions. If an anonymous contribution in cash or equivalent is received, it shall be immediately remitted to the Chief Electoral Officer and paid into the Yukon Consolidated Revenue Fund.

In the case of an anonymous in-kind contribution of a good or service, it shall be immediately delivered to the Chief Electoral Officer who shall donate it to a non-profit group, or dispose of it in any other manner the Chief Electoral Officer deems appropriate. Proceeds from the disposition, if any, are paid into the Yukon Consolidated Revenue Fund.

- **Receipts for Contributions:** Issue of receipts for contributions to a candidate or political party can only be issued by officials authorized for that purpose by the leader of their respective party.

 - There is no restriction on who can contribute to a party, as long as the contributor's information is provided.
 - There is no limit on the total amount of contributions a party can accept, as long as the contributions are properly disclosed.
- **Disclosure of Contributions**
 - All contributions, both monetary and in-kind, must be reported with the name and address of contributors. The election finance return must include duplicate copies of all official receipts issued.
 - Contributors' information is publicly disclosed only if total contributions exceed \$250. For each total contribution over \$250, the name and address of the contributor is reported, along with the amount contributed. In-kind contributions that are subject to disclosure also include a description of the goods or services contributed.
 - A contribution over \$250 is made when the total of monetary and in kind contributions exceeds \$250 in a calendar year.
- **Public Disclosure:** Returns filed with the Chief Electoral Officer are public information and are available for public inspection at Elections Yukon during regular business hours.
 - The Elections Act prohibits the disclosure of names of contributors who contribute a total of \$250 or less. Access to duplicates of receipts is not authorized.
 - Reports published by the Chief Electoral Officer are available on the Elections Yukon website or by contacting the office.

- **Contribution Reporting:** Contributions are reported as either persons (individuals, corporations and partnerships) or unincorporated groups (trade union, political party, other entity not a person).
 - For contributions up to \$50: The number of contributions is reported with total amounts. The names and addresses of contributors are not disclosed in the report or available for public disclosure.
 - For contributions more than \$50 and up to \$250: Trade unions and political parties must provide a statement which identifies their name and address; other unincorporated groups must provide the name and address of a principal of the group.
 - A candidate or political party shall not accept donations of more than \$50 from an unincorporated group unless a statement containing the information noted in the previous paragraph accompanies it.
 - The names and addresses of contributors are not disclosed in the report or available for public disclosure.
- **For contributions more than \$250:** For each contributor who contributed more than \$250 in total, the total amount and types of contribution, contributors name and address, and where a contribution in kind, a description of the contribution is reported.
 - Unincorporated groups (trade unions, political parties and other unincorporated groups) making a total contribution of more than \$250, would include the name and address of the trade union or political party; other unincorporated groups would include the name and address of the person who is a principal of the unincorporated group.
 - Unincorporated groups must provide a statement, which identifies the name and address of each contributor of more than \$250 towards the total contribution or indicate that there were no individual contributions of more than \$250.
- **Contribution Tax Credits:** The Political Contribution Tax Credit is available to individuals and corporations that contribute to a recognized territorial political party or candidate. The latest update to credit amounts was on January 1, 2016. The maximum annual credit is \$650, which results from a total contribution of \$1,275 or more.
 - The credit amount is calculated as the sum of:
 - 75% of the first \$400 of contributions;
